Re: Harold D. Thompson Regional Water Reclamation Facility (HDTRWRF)
Lower Fountain Metropolitan Sewage Disposal District (LFMSDD)

Dear Wes:

Reference is made to your shop submittal identified as follows:

Submittal No.:	15400-001
Date of Submittal:	October 19, 2011
Title:	Headworks Building: Floor Drains
Specification Section:	15400
Manufacturer:	Watts

The referenced submittal has been stamped "**No Exception Taken**" and "**Submit Specified Item**". Our comments are as follows:

1. 6" pipe size floor drain, Watts Model FD-340: **Submit Specified Item**
 - a. We take no exception to the floor drain, however, we find no area in the Headworks Building where a 6" floor drain is required. If a 6" floor drain is to be used, please advise prior to installation.
2. 4" pipe size floor drain, Watts Model FD-320: **No Exception Taken**
3. We note there are 8" floor drains and a 12" floor drain in the Headworks Building, however, we have received no shop submittals for the two sizes of floor drains. **Submit Specified Item.**

Please call if you should have any questions.

Sincerely,

David R. Frisch, P.L.S.

DRF/kmw
