Re: Harold D. Thompson Regional Water Reclamation Facility (HDTRWRF)
Lower Fountain Metropolitan Sewage Disposal District (LFMSDD)

Dear Wes:

Reference is made to your shop submittal identified as follows:

Submittal No.:	02641-008
Date of Submittal:	October 22, 2012
Title:	Air Service BFVs
Specification Section:	02641 – Valves and Accessories
Manufacturer:	Bray Valve & Controls

The referenced submittal has been stamped "**No Exception Taken**". Our comments are as follows:

1. This submittal of the Bray Model 30 and 31 butterfly valves replaces the DeZurik style BOS butterfly valves included in previous Shop Submittal No. 02641-004. We take no exception to the FKM (Viton) seat material specified in the submitted documents to provide a valve operating temperature rating of at least 300°F in accordance with the project documents.
2. We acknowledge the intent to provide the submitted valves with lever operators. Please verify the operators will be the Bray Series 1 Handle and 10-Position Notch Plate, the same as that provided for the valves included in the blower packages.

Please call if you should have any questions.

Sincerely,

Mark A. Morton, P.E.
